Lake Roland Nature Council
Guidelines for Memorial Bench Selection/Installation

These guidelines are intended to provide a process for accepting and placing Memorial Bench's in Lake Roland.

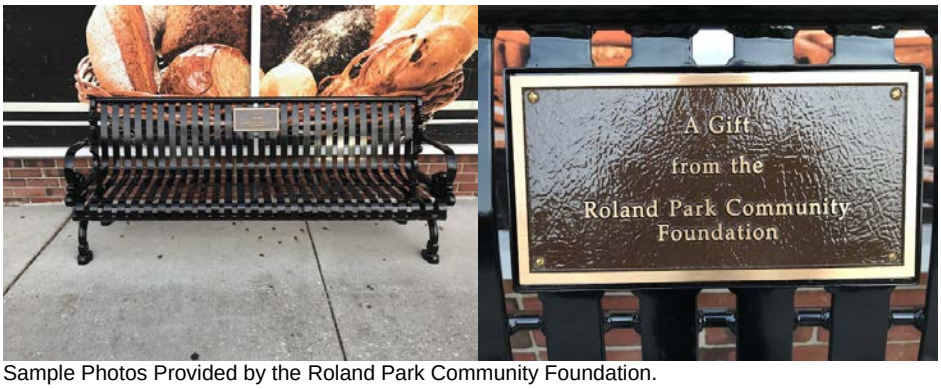
General Guidelines:

Memorial benches for placement in Lake Roland will be purchased by the Lake Roland Nature Council once the bench donation of ($3,500.00) is received by the Nature Council.

The above cost ($3,500.00) includes purchase, shipping, installation and plaque, and general maintenance of the bench.

Standards for memorial benches in Lake Roland consist of the one black metal style bench described below:

- Style: Lamplighter, 6-foot bench with back
- Material: Cast aluminum sides with steel backs and a durable powder coated black finish.
- Plaque: Sand Cast Bronze with plaque tray 10" x 5"
- The lettering is sand cast and raised from the brown leather background. Bronze lettering in Palatino font, maximum 50 characters, no more than 4 lines.



Sample Photos Provided by the Roland Park Community Foundation.

The Lake Roland Nature Council, in consultation with the donator, will determine the appropriate location for the bench. Bench location are maintained on the Lake Roland Memorial Bench location map.

Benches will be installed on a concrete pad, seven feet wide, four feet deep to allow for bench setback from walkway and a foot wear area.

Going forward maintenance will be the responsibility of the Lake Roland Nature Council.

Memorial benches are received as gifts to Lake Roland, and once received become the property of Lake Roland. If a memorial bench must be relocated, the Lake Roland Nature Council will identify an appropriate new location for the bench, in consultation with the original donor.
